Instrukcja bezpieczeństwa i utylizacji

UTYLIZACJA ODPADÓW

Łóżko tapicerowane należy rozmontować na części, oddzielając elementy drewniane, metalowe i tapicerowane, aby umożliwić ich odpowiednią segregację.

Poszczególne materiały, takie jak drewno, metal i tekstylia, powinny zostać przekazane do lokalnego punktu selektywnej zbiórki odpadów (PSZOK) lub poddane recyklingowi zgodnie z lokalnymi przepisami. W dobrym stanie łóżko można również przekazać do organizacji charytatywnych lub punktów ponownego wykorzystania mebli.
